

AURAL-M2

Battery rack comparison

These values are based on a 64 cells pack.

Conventional battery rack

Alternate battery rack

Cells type used	"D" Alkaline cell 	Battery Pack 
Cells and batteries availability	Everywhere	Custom MTE Sole source
Battery replacement cost	~ US\$100	~ US\$275 (Quantity minimum of 12)
Performance	Similar	Similar
Installation speed	30 minutes	5 minutes
Weight	Similar	Similar

Multi-Electronique (MTE) Inc., concerned with providing you the best service, designed the Alternate Battery Rack to meet the demand of some customers. As shown on the previous comparative statement, the Alternate Battery Rack offers quick battery installation. The Alternate Battery Rack is guaranteed to perform as well as the Conventional one. The main inconvenience is that you have to bring with you all the battery pack you intend to use since they are only available at Multi-Electronique (MTE) Inc.
